BISBEE JOTTINGS.

Bisbee, Dec. 13, 1901.

Among many improvements of the Copper Queen's works is the addition of large and commodious buildings for machine, blacksmith and boiler shops.

J. E. Knapp, advance agent for the "Hi Henry's minstrels," came in today, arrangements have been made to play in Bisbee on the 19th and 20th inst., with a matinee on Friday afternoon.

Wm. Henry and T. Fisher, prominent merchants of Douglas, are in on business. They both report great activity in all branches of business in the new town and predict a most brilliant future for Douglas.

Thos. S. Johnson, formerly a blacksmith with the Copper Queen company has departed for the east on a visit to extend through the belt days.

E. I. Shaw, a cattle inspector for this district left for Douglas yesterday in pursuit of his duties.

No clue has yet been obtained of the robbery which took place in the heart of Bisbee and the firm of Geo. A. Cook & Co., are mourning the loss of \$15,000 worth of jewelry and diamonds.

S. K. Williams returned from the county seat yesterday.

Bisbee, December 15, 1900.

Redmond Toohy is a Bisbee visitor.

Geo. Beasly, civil engineer on the Cananea railroad came in today.

A. J. Godfrey, old timer, is visiting the camp at the present time.

Dr. Farrington and bride are expected home on the 26th inst.

C. E. Clark, attorney at law, returned to the county seat today.

John Mobile will return from Agua Caliente Springs on next Tuesday.

Wm. Beatty, Sulphur Spring rancher and cattleman, was in town today.

Frank Goodbody came in yesterday from Tombstone, being called here on account of the illness of his mother.

The funeral of the late two miners, Sullivan and Dader, who were killed on Friday at the Bisbee West mine took place today and was largely attended.

The man held for attempted assault upon a well known young lady here, has been ordered out of town never to return on peril of prosecution.

The masquerade ball given last night by Schmidt's orchestra was a decided success. Over 200 maskers were on the floor.

The Friday night fire consumed the frame building belonging to Tom Whitehead and also a valuable projectoscope, moving pictures, belonging to E. J. Mullen, an occupant of the house and lately purchased for \$600.

Pete J. Tehaney, head bookkeeper at the Cananea came in today. He goes to Phoenix where he will officiate as best man for Tim J. Maloney at the marriage ceremonies of Miss Mamie Toohy and Mr. Maloney on the 18th inst.

Bisbee, Ariz., Dec. 17, 1901.

John Mobile, will return from Agua Caliente Springs on next Tuesday.

Attorney J. M. O'Connell the county seat.

Hi Henry's Minstrels will appear on the 19th and 20th inst. They are some fifty in number.

Cashier M. J. Cunningham of the Bank of Bisbee will leave tomorrow for a two month's rest in California.

Holiday Goods are in great abundance here and it is not the fault of the merchant if their patrons cannot be pleased.

The Bisbee Elks have secured a number of seats for the first night of Hi Henry's Minstrel show. Hi Henry is one of their members and the local Elks will turn out in full force to do honor to their visiting brothers.

LEVI STRAUSS & CO'S OVERALLS

THE DECEMBER TERM OF COURT

Full Report of Business Transacted During Week

OF INTEREST TO PUBLIC.

Geo. B. Wilcox and L. Cooley entered as trial jurors.

Special venire of five trial jurors was returned as follows: E. L. Ash, John Kelso, L. Short, Geo. Overaker, Geo. Ashton.

Ford vs. Ford, divorce granted and decree entered.

Order granting writ of habeas corpus on application of J. B. Canavy, Order directs sheriff of Pima county to have said Canavy brought before the court at 3:30 to day, when hearing will take place. This is a contempt case from Tucson. Canavy having been a witness before a notary public who committed him to jail for failure to answer questions in a civil case.

A partial report of the grand jury this morning brought in indictments against George Short for forgery and Jesus Brangas for burglary. Two other important indictments were also returned, but as the parties are not in custody the information is withheld.

G. S. Crockett, trial juror excused. Ter. vs. Andrew Griffin—Jury returned verdict of acquittal and prisoner was discharged.

Ter. vs. Jesus Brangas, burglary, pleaded not guilty. Set for December 18th.

Ter. vs. Geo. Short on charge of forgery. Pled not guilty. Set for December 20th.

Ter. vs. Manuel Samora—assault with intent to commit murder. Following is the jury impaneled: Wm. Jones, Gus Gottschalk, Jasper Short, Geo. Henry, Luke Short, J. F. Amajong, G. W. Allaire, T. J. Lyon, E. G. Ash, Hood Porter, W. H. Foote, W. G. Goodman. Found guilty of assault with a deadly weapon. Sentence will be pronounced on Saturday, December 21st.

In the matter of the application of J. B. Canavy on writ of habeas corpus. Petition showing that Canavy is unlawfully restrained of his liberty, his discharge from custody was ordered.

Albers Thurman, on charge of robbery, admitted to \$500 bail, which was furnished. Pled not guilty and case set for December 19th.

Andrew Johnson, whose case was referred to the next grand jury admitted to \$500 bail.

Ter. vs. Frank Rutledge, found guilty of assault and was arraigned and fined \$75.

Ter. vs. J. Lopez, grand larceny. The jury are as follows: H. Forte, T. B. Poseb, E. G. Adams, H. Porter, George Clawson, H. L. Hinkle, G. F. Hagler, William Allison, Gus Hickey, H. C. Ashton, Jasper Short, Jessie Jackson. Case on trial.

Local hen fruit is now selling for fifty cents per dozen, while the Kansas embossed production sells for much less.

A recent issue of the Scientific American announces the invention by Timothy W. Miller of Phoenix of a file handle and guide, described as a novel device which guides the reciprocating movement of an attached file used to sharpen the teeth of saws whereby any desired degree of bevel can be given to the cutting edges of the saw teeth. The same issue of the paper in the list of inventions for which patents were issued for the preceding week, credits to a man with a German name the invention of a process for making an acid compound of "dimethylamidodimethylphosphorus" but it failed to announce what the compound is to be used for though it is suspected that it would be handy in moving houses.

THE SATURDAY NIGHT BLAZE

Mayor Emanuel's Residence is Consumed by Flames

NOT A THING WAS SAVED

The cry of "fire" startled the community at 10 o'clock Saturday night. Mayor Emanuel's handsome residence at Fremont and Third streets was ablaze. The fire department responded promptly to the alarm, and although some excellent work was done by both hose teams the contents of the house were totally consumed. The fire had its origin in Mr. Emanuel's office room, where he had left a coal oil heater lighted while he was in attendance upon the district court. It is presumed that the heater generated gas and exploded, furnishing bounteous food for the flames which soon enveloped the building to that extent that the inmates present were forced to vacate and leave their belongings behind. Mayor Emanuel regrets more than all else the loss of many treasured heirlooms and estimates the loss of furniture etc., at \$2,500, upon which there was no insurance.

Judge George R. Davis and W. K. Mead suffered by the loss of their personal belongings; Mr. Charles Wilbur and sister lost heavily, all of their personal effects having been consumed. Miss Cool was the only one of the several guests who was fortunate in saving anything from the flames.

Yesterday morning a large force of men were put to work on the building and in the course of a week or ten days the mayor will have his residence again ready for occupancy.

REPORTS OF PRECIOUS METALS

Production of Gold and Silver During 1901.

ARIZONA STANDS FIFTH.

Director of the Mint Roberts has prepared a statement showing the production of the precious metals for the calendar year of 1900. It shows that the production of gold in the world that year was 12,457,287 ounces of the value of \$257,514,700, a loss in value of \$49,071,200 from 1899. The loss was mainly in the Transvaal field and due to the war.

The silver output of the world amounted to 178,796,796 fine ounces, the largest ever known. The United States again leads all other producers with a slight excess over Mexico.

The production of gold in states and territories producing the largest amounts is estimated by the director as follows:

Alaska.....	\$ 8,171,008
Arizona.....	4,193,400
California.....	15,816,200
Colorado.....	28,829,400
Idaho.....	1,734,700
Montana.....	4,698,000
Nevada.....	2,006,200
Oregon.....	1,694,700
South Dakota.....	6,177,600
Utah.....	3,792,300

The commercial value of silver in the United States and territories producing the largest amounts is as follows:

Arizona.....	\$ 1,857,210
Colorado.....	12,700,018
Idaho.....	3,986,042
Montana.....	8,801,148
Utah.....	5,745,912

James A. Cox of Phoenix has been appointed to succeed T. E. Grindell as clerk of the supreme court of Arizona. He entered upon his duties December 1.

About six months ago Mr. J. J. Pearce bought from Mr. L. D. Redfield a gold claim about fifteen miles down the San Pedro from Benson on which Mr. R. has done assessment work many years, carrying a shaft to about sixty feet. Mr. Pearce has now sunk the shaft down to a depth of 125 feet, and has opened a fine body of free milling gold ore for the reduction of which he will shortly erect a mill. The gentleman values the property at \$100,000 or more.—Benson Press.

BRAWN AND BRAINS 'TAKE A RIDE

Three Celebrities Who Visited Tombstone Yesterday

A NEW PAPER FOR BISBEE

There was an unusual load and an unknown quantity this morning on outgoing stage—it was a load of talent. Col. John H. Hughes of Tucson was the heavyweight of a trio of pencil pushers; he was returning from a tour of Cochise county in the interest of his paper, the Tucson Star, and consequently his several pockets were bulging out with generous subscriptions to the twinkler. Beside him sat Billy Kelly, the versatile editor of the Bisbee Review, who had dropped over to take a drink of Huachuca water and, incidentally, to impart a few profound law points to the disciples of Kent and Blackstone; Billy, as everyone knows, is a moving encyclopedia of "judicial jurisprudence" and imparts his knowledge with a lavishness that bewilders lesser lights. Beside the driver sat Will A. Nash, the literateur of the Pacific coast, who, with a picaresque and a bedkin, was on his way to Bisbee to establish a modern daily republican newspaper. Mr. Nash is recognized as one of the most able writers of the west and will aid materially in strengthening the weak points of the g. o. p. It was a heavy load of brawn and brains, and the four fire steeds had considerable difficulty in starting the coach on the downward grade.

ISAAC T. STODDARD SAID TO BE SAFE

Name of Judge Geo. R. Davis Sent to the Senate

THE IRRIGATION PROBLEM

A special to the Phoenix Republican from Washington, under date of 14th instant, says: "Isaac T. Stoddard will be reappointed secretary of Arizona. That decision has been reached and nothing is likely to bring about a change. The name of George R. Davis has already been sent to the senate for confirmation of his appointment to be associate justice of Arizona. No charges were filed against Davis. Several complaining letters of a political character were received against his appointment, but no attention was paid to them by the president.

The sub-committee of the western members of congress appointed to draft an irrigation bill agreed upon a measure today subject to further action in a meeting of the representatives of the arid states."

The United Verde Copper Company has paid a regular monthly dividend of 75 cents a share for October.

A New Year's Guide.

There is one book every one should make an effort to get for the new year. It contains simple and valuable hints concerning health, many amusing anecdotes, and much general information. We refer to Hostetter's Almanac, published by The Hostetter Co., Pittsburgh Pa. It will prove valuable to any house hold. Sixty employees are kept at work on this valuable book. The issue for 1902 will be over eight millions, printed in the English, German, French, Norwegian, Swedish, Bohemian and Spanish languages. It contains proof of the efficacy of Hostetter's Stomach Bitters, the great remedy prepared by the publishers, and is worthy of careful preservation. The almanac may be obtained free of cost at any druggist or general dealer in the country.

STATE OF OHIO, CITY OF TOLEDO, Lucas County.

Frank J. Cheyney makes oath that he is the senior partner of the firm of F. J. Cheyney & Co., doing business in the city of Toledo, county and state aforesaid and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of stomach that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHEYNEY.

Sworn to before me and subscribed my presence, this 6th day of December, 1901.

A. W. GABLESON, Notary Public. Hall's Catarrh Cure is taken internally and acts directly on the back of mucous surfaces of the system and is testimonials free.

F. JOHNEY & CO.

Four Monday's Daily.

The fireman's dance on New Year's eve is a social event looked forward to with much pleasurable anticipation.

One hundred and fifty men are now employed in the erection of the Shannon smelting plant. The work is being pushed as rapidly as possible.—Era.

Assessment work is now going on in the mountains and the heavy artillery of the mining camps is being turned loose to complete the work required by the first of the new year.

A burro loaded with ore from the Last Chance mine, Grand Canyon, slipped and fell 800 feet into the canyon last week and died of heart failure.—Courier.

There are 500 bearing trees in the Blaisdell orange orchard at Phoenix, with an estimated yield of 800 boxes, which was consumed by the home market, selling for \$1.75 per box, wholesale.

While watchmen were engaged in digging for sewer connections in West Prescott, they unearthed the skeleton of a giant, supposed to have been that of an Indian. The skeleton was six feet six inches in length.

County taxes become delinquent today. Taxes have been paid in promptly this year, the delinquent list will be less than previous years. Upon the outcome of the tax suits now pending the final payments will materially swell the county exchequer.

Father W. Maurer, pastor of the Catholic church desires to herewith express his hearty thanks to all those who so kindly contributed to the success of the Fair and Entertainment given last Friday night. Especially also to his non-Catholic friends, who so generously offered their very much appreciated cooperation.

Miss Margaret B. Nelson, who has been a guest at the residence of Mr. and Mrs. F. B. Austin, died yesterday. The malady that took her from her numerous friends was tuberculosis, contracted while nursing an aunt who succumbed to that disease several years since. Her case became serious about one month ago, from which time her decline was most rapid. Religious services were held over the remains at the Episcopal church this afternoon under the auspices of the Tombstone Fortnightly Club, of which she was an active member, these of the club acting as pall bearers. The remains have been embalmed and will be shipped to San Francisco for interment in the family plot there.

OUTLOOK FOR CATTLE INDUSTRY

The Present Outlook Augurs Well for the Future

SOME EXCELLENT ADVICE

The cattle outlook is splendid. So far as the market and the demand are concerned it is difficult to see where more inducements could be offered to the breeder than at present. There is a shortage in the supply, while the population has increased and great foreign markets have been opened up. This demand will be steady for years to come, and with the visible supply of cattle 10,000,000 less than it was ten years ago, the future has many years to roll by before the supply can possibly exceed the demand. Young men, get you a bunch of cows and live with them. In the language of a corn belt father in giving advice to his son: "Get a cow; hang to her tail for twenty years and you can buy us all out."

It was rumored on the streets yesterday that J. F. Hansen would return to Tucson, but inquiry developed the fact that he had written letters to Adolf Bell, Mayor Schumacher, Herman Friedman and Joseph Krause, from Magdalena, saying that he was sorry to have left in the manner in which he did, but thought it was a wise course.—Citizen.

Wednesday's Daily

Miles Noyes, the Fairbank's bard, was a Tombstone visitor today after an absence of several months at Cananea.

The Prescott Courier chronicles an item as follows: Col. H. A. Owens, the veteran prospector, miner and exponent of undiluted veracity, is a recent arrival in Prescott from Mohave county.

We have scientific authority for the statement that gold exists in the waters of the sea. It is also stated that it is sometimes found in the pocket of delinquent subscribers, but this statement is not backed by scientific authority.

A Fresno paper attempts to explain why boys have such enormous appetites, but falls down in the attempt. It is one of those unfathomable mysteries which will never be solved, so long as small boys continue to be on the market.

The live stock census of last summer gives Arizona 742,635 head of cattle, 18,103 head of hogs, 924,661 head of sheep and 125,063 horses. The result of the census shows a wonderful increase over the figures given out by the department of agriculture estimates, which are published annually.

A bill has been introduced in the Mexican congress, providing for the regulation of the exploitation of petroleum. Realizing that fuel is scarce in Mexico, the bill provides that certain franchises and privileges are to be allowed the discoverers of wells, and titles will be given where they are found.

Mayor Emanuel desires to express his thanks and appreciation to the Tombstone fire department for their prompt and earnest work at Saturday's fire and to the numerous friends who rendered efficient assistance in the work of saving what effects were rescued. To all of whom he is grateful.

MARCUS A. SMITH IS AT WORK

Supreme Court for Three Territories—Mineral Leases

OUR DELEGATE IS ACTIVE

Delegate Mark Smith, of Arizona, has a bill to establish a supreme court for the territories of Arizona, New Mexico and Oklahoma. Mr. Smith urges that the territories are similarly situated, have many of the same interests in common, and that it is very desirable that a change be instituted in a manner of disposing of the legal business of the three districts. The bill offered provides that the three territories shall constitute one judicial district for all purposes of appeals from the district courts, and that the court shall have all of the powers now vested in the supreme courts of the territories. The court shall have three judges, one of whom shall reside at the capital of each of the territories. It is provided that the court shall sit at least twice a year in each of the territories, and that no case shall be heard or decided except that all the judges are present.

Delegate Mark Smith, of Arizona, will make an effort for a new method of operating mineral claims on Indian reservations. Under the present system the Indians, in some cases at least, have authority to make leases, subject to the approval of the interior department. Mr. Smith has offered a bill in the house which provides that all of the mineral lands on Indian reservations in Arizona shall be opened to entry, location, development and operations by citizens of the United States, subject to the laws now in force with reference to other public mineral lands. It is provided that, in addition to the requirements of the general law, all parties locating and operating such claims on mineral land shall pay to the secretary of the interior 5 per cent of the net profits derived from such mineral claims. Such payments are to be used as a trust fund for the benefit of the Indians upon whose lands the claims are located.
